

# WEST LAFAYETTE BANDS SPONSORSHIP

As a not for profit volunteer organization, the West Lafayette Band Boosters provides financial and volunteer support for the West Lafayette Schools' Bands. The donation you make as a West Lafayette Bands Sponsor supports students all across our program - 5th-12th grade concert bands, Marching Band, Pep Band, and other ensembles.

The hard work and dedication of our students and directors are what make our bands so successful. From early morning rehearsals to Friday night football games, from parades to concerts to contests and the classroom, our students shine. The band program teaches our students discipline, a good work ethic, team-building, musicality, camaraderie, and respect on top of their performance and instrumental skills. Our band directors work tirelessly to give our students outstanding direction, provide them with unique and challenging ways to grow, and guide them both in life and music.

With tight education budgets and increasing participation, Band Boosters seeks to provide continuing financial support for instrument purchases, continuing education for our directors, assistance for students in extra-curriculars, uniforms, and guest clinicians to work with our students. We hope that you will consider partnering with us for the 2019-2020 school year to help West Lafayette Schools to provide the best band education we can for all of our students!
