

# RDP

Our marching band is in need of a Directors Tower to help us be more efficient in our practices and to keep our band directors safe. Our staff currently has to use a scissor lift to rehearse the band outside and this is putting our directors in an unsafe situation. This investment will last many years and will help The Sound of West Side to continue to provide a great source of Red Devil Pride for our community. All donations go through the West Lafayette Schools Education Foundation and are tax deductible.

## The Sound of West Side Needs Your Support!

Help us reach our goal
